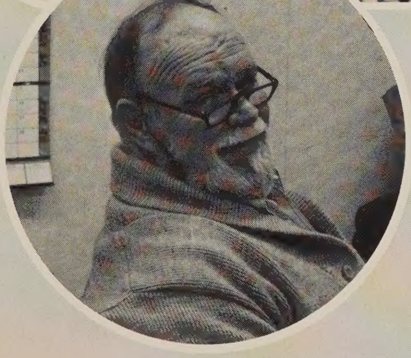
"The time you won your town the race"-A.E. Housman Coach Jack Lear and the undefeated 1964 Northern Huskies



Jack Lear

1932 - 1987

Changes

The photograph above was taken in a different time. It was then, late fall of 1964 when Coach Jack Lear and his Northern Huskies completed an undefeated football season. Coach Lear taught those young men more than football. He taught all students in the classroom, the guidance office, and in the playing fields about life, success, service, integrity, and character.

Young men from that 1964 team found careers at sea with the U.S. Navy, in the classrooms of Northern High School, and in the State House at Annapolis.

Jack Lear died early this spring. He was a veteran of service to his country, school, and town. He lives on in this place and in every place with those whom he has counseled, coached, taught, and loved.

A Time For Changes

Wrestler, Brent Yoder, prepares to leave early for a match.

Freshmen students settle down because class is about to start.

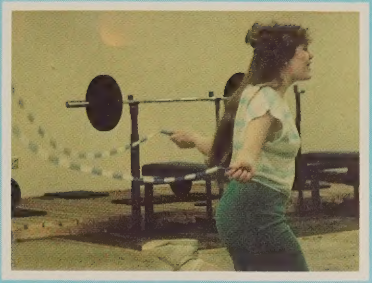
Listening intently, Brian Bender is willing to follow the directions given by Mr. Trickett.

Bobby Martin almost hides from the camera.

Northern High School was built in 1950 and has been changing ever since. This school year, 1986-87, brings a vast change to the appearance of the school and the image presented. Over 35 years the student body has constantly changed, but this year we walked back into a new, renovated school after a hectic half-day schedule from last year. We came back into an old but new Northern.

Marla Handwerk has provided the winning jump rope score for her class.

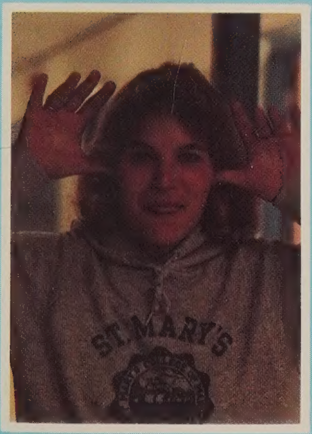


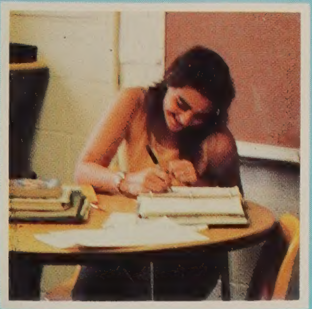
Masonry class allows Greg Iden to not only build cement block walls, but also tear them down.

Chemistry is all fun and games when you have a group including: Scott Wachter, Tracy Workman, Dianna Vitez, and Eric Yommer.

Teachers, Mrs. Patterson and Miss Miller, enjoy a Faculty luncheon given by the Home Ec.

Jodi Hershberger, Stacy Bray, and Kristin Edwards all have different feelings about taking Earth Science notes.





Shannon Wright shows us just what kind of day she is having.

Ricky Eggleston, Wesley Loar, and David Worley eagerly watch the door as they wait for the end of class to come.

Mary Bowser puts her best into her project.

On April 8, 9, 10, and 13, the theatre classes under direction of Dr. Snelson presented a comedy entitled "Let's Murder Marsha". The play is a tale of woman who is addicted to reading mystery thrillers.

Marsha overhears her husband and an interior decorator planning her birthday surprise. But, from what she hears, she thinks that they are planning to murder her. She convinces her neighbor that they are planning to murder her, so together Marsha and her neighbor plan to murder her husband and the interior decorator before her husband and the interior decorator murder Marsha.

At the end, everyone gets together to teach Marsha a lesson for reading mystery thrillers.

Evening entertainment for the Class of '87 included a cruise on the Gateway Clipper. Enroute from Kennywood to the Clipper, Seniors found some time to visit Station Square and do some window shopping.

On board of the Gateway Clipper, dinner and dancing was the order of the evening as the Riverboat cruised the Monongahela and Ohio River on a hazy humid evening.

Seniors relax on the upper deck of the Gateway Clipper.

Good Bye

Sunday, June 7, 1987 at 4:00 p.m. graduation began. Mr. Edward Green, Principal, opened with a welcome. There were many visiting speakers which included: Reverend Stephen Yelovich who gave the Inovation and Benediction, Mrs. Linda Sanders giving the commencement address, and Beverly Murphy who awarded the diplomas. "We've Only Just Begun," "We are the World," and "Friends" were sang by the chorus and directed by Mr. Boord. This reminded the Seniors that they were not coming to an end but only beginning. They are now part of the world and will always remember their friends from graduation forward.

A toss of the hats, only the beginning of the celebrations.

Conrad Maust-never without his camera

With a turn of the tassel, Seniors realize their high school days are over.

Carolina and Marylyn Canan started school together and have finished school together.

June 7, 1987, for the Seniors one of the most important days of their lives. To many it was just a windy June 7th, but for the Seniors it meant change and almost as important, it meant goodbye. Goodbye to friends and teachers, people they had spent 12 years of their life with. Together there were many who believed only for force, but they grew to be friends; they came to love each other and now June 7, 1987 brings change. After this day many will look back with joy, "finally out," but June 7th was filled with tears, hugs, and goodbyes.

Underclassmen stood close saying their goodbyes and wishing them the best but happy their special day is one year closer. Teachers smiled and waved, happy that one more class of rowdy, seemingly non-caring seniors were on their way. Yet no one would admit that, the windy day when the Seniors held their caps close and walked two-by-two, we would not miss them.

Or A New Beginning

Valedictorian, Doreen Workman straightens her tassel.

Mrs. Teets helps Valerie Dunithan attach her collar.

Salutatorian, Renee Warnick goes to say goodbye to her fellow classmates.

The Theatre Arts mini-course, directed by Dr. Snelson, performed a puppet show production of *The Emperor's New Clothes.* The group traveled to many Garrett County elementary schools performing the play. The production was based upon a Hans Christian Anderson short tale. The students in the Theatre Arts mini-course class expanded on the original story to make it a forty minute play. The play was a great success and was enjoyed by all.

As Alex Hicks is well aware of, puppetry tires the soul.

Philip Rodeheaver poses among friends.

Practice! Practice makes perfect.

Susie Kolbfleisch and Jenni Golden stretch to be seen over Alex Hicks.

Class Prayer

by: Janie Friend

Dear Heavenly Father,

As our school years draw to an end, let us thank You for being with us through our years of growing, thank You for allowing us to make mistakes so that we may become better people, and thank You for teaching us to dream, for our dreams can become reality.

Let us realize that graduation is the beginning not the end. Help us to make our dreams reality and our lives rich and fulfilling.

We ask that You will stay with us as we part and go our separate ways. Guide us through our days of happiness as well as sadness, and direct us toward ways of teaching others of You. We ask all of this in Jesus' name. Amen.

The Pre Scholastic Apptitude Test and the Scholastic Apptitude Test are administered to juniors every year. The P.S.A.T. is a practice test for the S.A.T., which is used by colleges in admission's criteria.

Juniors at N.H.S. stated that the P.S.A.T. was challenging, and they felt it was helpful in preparation for the S.A.T., taken by eleventh grade students in the spring spring of their junior year.

The Class of 1988, according to a questionnaire filled out by the Juniors for the Middle States Evaluation, has one of the highest percentages of students who intend to further their education beyond high school than any other class at Northern in the last several years.

The Junior Class Officers, Connie McKenzie (V-P), Kendra Frazee (Pres.), Eric Martin (Treas.), and Diana Vitez (Sec.), discuss ideas about the prom.

North Star Staff Produces 1987 Yearbook

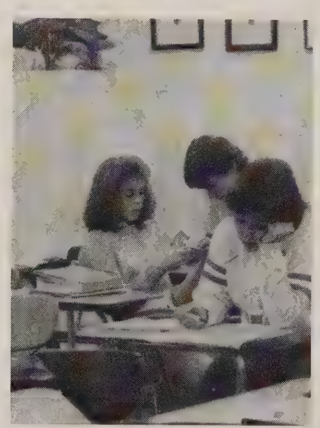
1st Row: Candy Dolan, Sean Frederick, Aaron Zumpano, Mike Robeson, Lorrin Morris. 2nd Row: Connie McKenzie, Tish Lapp, Pam Warnick, Cheryl Stanton, Amy Thomas, Susie Kolbfleisch. 3rd Row: Kim Frank, Kenton Bender, Shayne Couch, Kelli Thomas, Renee Warnick, Trish Kinsinger, Sheila Beitzel.

Mr. Tritt watches over the yearbook staff while they work on the yearbook.

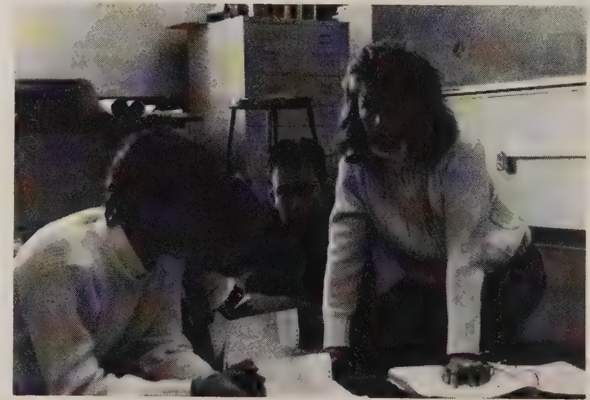
Pam Warnick and Lorin Morris go through yearbook pictures that could be used for their section.

The yearbook staff works hard to compile the North Star for the students. Each section of the Yearbook has an appointed editor who supervises the work of the people under them. Pages are assigned and suddenly everyone has something to do. Pictures must be taken and developed, layouts must be made, and copy must be written. The staff photographers are everywhere trying to take good shots for the Yearbook.

There are 22 members of the North Star staff successfully putting together the 1987 Yearbook under the direction of the editor-in-chief, Cheryl Stanton. Mr. Tritt found himself learning as he took on the responsibility of advising the staff for the first time.



Jan Thomas works on her section as Candy Dolan helps Kenton.



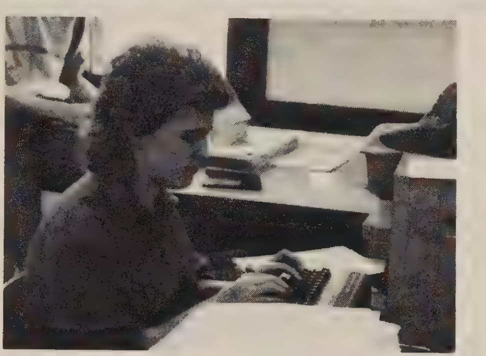
Amy Thomas tries to show Aaron Zumpano, Sean Frederick, and Mike Robeson how to run things.

Renee Warnick diligently developes pictures for the staff.

Viking Creates Informative Paper

Viking: 1st Row-Marla Handwerk, Gene Cutter, Christy Beitzel, Mary Rafferty, Conrad Maust, Mary Georg. 2nd Row-Jimmy Dunithan, Angie Resh, Crystal Keefer, Fred Holliday, Ralph Klotzbaugh, Diane Williams. Not Pictured: Tim Artice, Janie Friend, Lea Hetz, Pam Wiland.

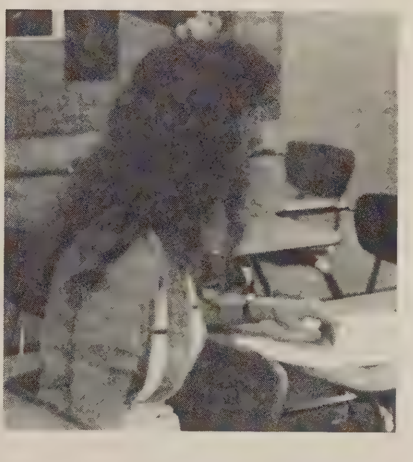
Without a doubt, Gene Cutter begins to lay out another page of the Senior Souvenir.

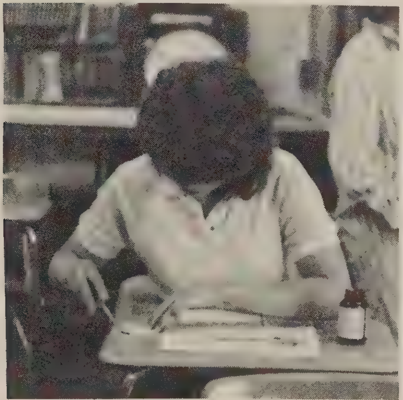


Christy Beitzel types the final dying wishes for the senior will.

Our school newspaper, the Viking, consists of seventeen staff members and is advised by Mr. Kolbe. The Viking covers not only school oriented issues, but tries to feature someone in the county with a special talent. The staff works hard to make 6 or 7 issues throughout the year, besides the Senior Souvenir. The Viking reported special coverage on Homecoming and the Bonfire, and also included the coverage of a Student Council Meeting. Viking members attended a seminar in October at the University of Maryland. Mr. Kolbe along with some staff members learned new things about laying out the newspaper and exchanged ideas with other school's newspaper staffs. The Viking also exchanged newspapers with other schools through the mail such as Southern, Valley, Allegany, Bishop Walsh, and even a school in San Francisco.

Janie Friend (Editor) and Christy Beitzel work on the newspaper, unaware of the photographer.





Mary Rafferty dreams up a headline for her story.

Angie Resh pastes up a final layout.

Diane Williams prepares copy for the printers.

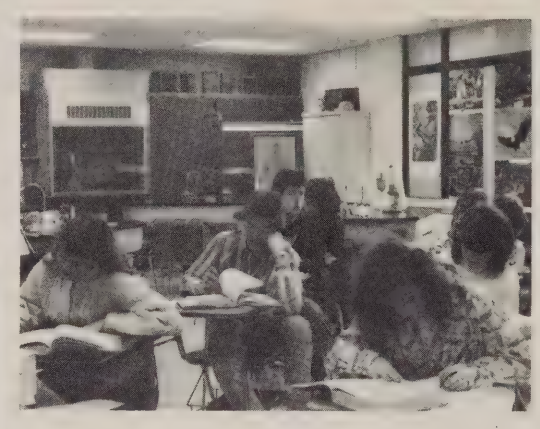
Science Explores Many Concepts

Biology students try to finish their assignment.

Nathan Walker holds a bird brought in for a presentation on falcons.

The science courses offered at NHS are Earth Science, Biology, Chemistry, Anatomy & Physiology, Health Education, and Physics. Earth Science offered in 9*th* grade is a combination study of basic geology & astronomy. Biology, a 10*th* grade course, is the study of life. Chemistry, for 11*th* & 12*th* grade students, deals with principles of mathematics and basic chemical actions and reactions. Anatomy and Physiology is offered to 11*th* & 12*th* grade students also. Students take on a year long in-depth study of the human body, its function, and its structure. Physics is a course offered to 12*th* grade students only and a prerequisite in Algebra I and Geometry is required. A course off for every grade is Health Education. Subjects discussed in this course, are the human body, nutrition, drug abuse, diseases and first aid.

David Yoder and Bobby Leight examine rock samples in Earth Science.



Baffled by their experiments the class stares at their equipment.

Biology and Earth Science students attended a presentation on falcons by Mr. $ Mrs. Floyd Presley.

Linda Oester and her lab partner prepare a project for Chemistry.

Leah Hetz shies away from the bird as it soars to her hand.

Kelli Bunnel stands by and watches Shelli Bittinger do all the work.

Earth Science doesn't seem to interest several of these students!

Kim Warnick gets ready for a big day in Quebec.

For the past three years, French II, III, and IV students have been offered the chance to go on a trip to Quebec City, Canada. A busy schedule has been planned for the students and it will start by a sixteen hour charter bus ride. Deluxe class accommodations are being provided by the Auberge des Gouverneurs for 5 days, 4 nights. Activities include rollerskating, a movie, swimming, a Gourmet French dinner, shopping, and a ferry trip. The trip is scheduled from April 7 to April 11.

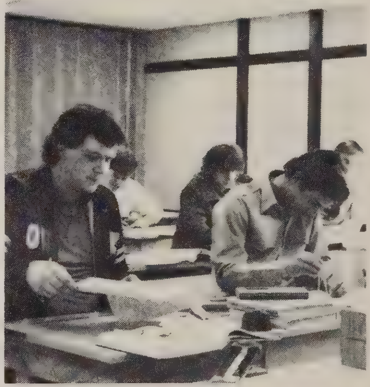
They include Agricultural Production, Plant Science and Reproduction, Allied Health, Auto Mechanics, Brick, Block & Stonemasonry, Data Processing, Typing, Accounting, Office Practice, Shorthand, Carpentry, Drafting, General Marketing, Electronics, and Industrial Arts. Each of these courses gives the student an opportunity to learn skills needed for an occupation they may choose. A student who has vocational majors is prepared to graduate and enter the job market with the skills which are necessary.

Lisa Carr and Karen Beitzel struggle with a typing problem.

John Kinzey, Keith Wiley pretend to look busy for a picture, while Glen Seaman looks over his work.

Carol Resh proof reads her typing paper before handing it in.

In Automechanics, students are amazed at what really makes a car run.



Kevin Wassel and David Jones work patiently on their drafting.

John Miller, Doug Quad, and Kevin Wassel work on their projects for Woodshop.

A requirement for any student graduating from a Maryland public high school, is to pass four Functional Tests. These are Reading, Writing, Mathematics, and Citizenship. Each test is first offered in the 9th grade. If any test is failed, it is offered every year until the student passes it. If a test is not passed by the 12th grade, the student will not graduate.

This year's sophomores received their Functional Writing and Citizenship test scores which expressed their hard work. We again have recieved the highest score on the writing test in the State of Maryland. With 161 students taking the test, 94.8% passed and 34 students received a perfect score of 8.0. The citizenship test scores were just as impressive. 151 students took the test and 85.4% passed with 15 students acheiving perfect scores. These students received a thesaurus from First United National Bank and Trust.

The 1986 Lady Huskies once again had a successful volleyball season. Although the defending State Champions were not able to repeat their success of 1985, they continued their high level performance finishing the year with 11 wins and only 3 loses.

Leading the team this year were the Co-Captains Tammy Swauger and Shayne Couch; the other senior players were Sonya Yelovich and Janie Friend.

The big wins of the 1986 season included the victories over the Southern Rams, and a victory over the Class A, Fort Hill Sentinels in a close contest. This outstanding record allowed the ladies to advance to district playoffs. Coach Yunker's emphasis for the season was on character building fundamental skills and team play. A formula which has been proven successful over the years.

The Northern Junior Varsity Football Team suffered through a winless season. All was not lost, however. Players learned the fundamentals of the game, improved individual skills, and were taught offensive and defensive strategies. All of this can only be beneficial for the rebuilding of the Northern Football Program as the J.V. players move up to the Varsity.

Fumble! Oh no, there they go again, carrying our football away, down to their end zone. Once again we struggle through the game and suffer a disappointing loss. Never the less, our consistent record hasn't kept the fans away. Returning game after game the fans looked onward, putting their faith into the leadership of the new coach Tom Vent and his assistants Scott Stough, Lynn Brenneman, and Rob Devore.

Realizing it would be hard to build a good football team from a previous winless record, the coaches entered this season with hope. Their optimism was diminished as the team suffered from multiple injuries which occurred from summer practice to the last game, hampering the team's performance.

At the conclusion of the season, 0-10, Eddie Lytle, Rodney Lipscomb, and Fred Glotfelty were chosen for the Highland Football Conference Area Football Team.

Accepting the fact that this year was a season of adjustment and not winning, the coaches have planned to develop the program with summer camps and weight training. Coach Vent stated that the school was very supportive but he is hoping for more players. The summer programs could inspire more boys to play. Through hard work and good attitudes, Coach Vent is hopeful of a successful season next year.

The 1987 Girls Varisty Softball Team, under the instruction of Coach Linda Youman's and assistant Gale Ringer, had a tough season. The team started out on the wrong track when they lost a big upset to Salisbury. Turning their luck, the girls defeated C.C.A.; due to rain, C.C.A. forfeited the second game. The Huskies split a double-header with Meyersdale and they defeated Hancock twice. Some big upsets for the Huskies was when they dropped two games against Rockwood and four games against Southern. Although the team struggled for wins throughout the season with a 7-11 record, the girls gained vital experience and all but one senior (Shelley Murray, first baseman) should return next year.

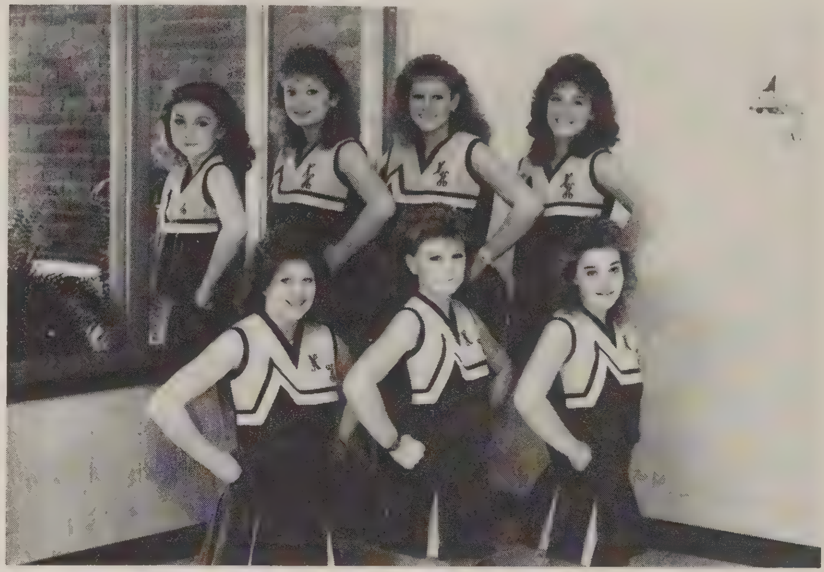
Cheerleaders Psyche Athletic

Throughout the year, the Varsity Cheerleading squad expressed their school spirit through weeks of practice and dedication. Beginning with summer cheerleading camp and many clinics, the girls worked hard to become an excellent unified group.

There are many demands of a cheerleader. One is expected to set a good example for the student body. A cheerleader must be full of energy and really enjoy cheering. Necessary attributes include poise, a constant smile, sharp motion, and athletic ability. Good grades, participation in school activities, high spirit, and enthusiasm are important, too.

In effort to recruit cheerleaders for the following year, the girls prepare tryouts and perform at the Middle School.

The '87 Varsity squad were: FIRST ROW: Melissa Lapp, Susie Kolbfleisch (Captain), Kim Frank (Co-Captain). SECOND ROW: Petrina Jones, Jenni Golden, Sheli Bittinger, Kathleen Peterson.



With wide open expression, the Varsity Cheerleaders psyche their favorite ``Huskies'' on.

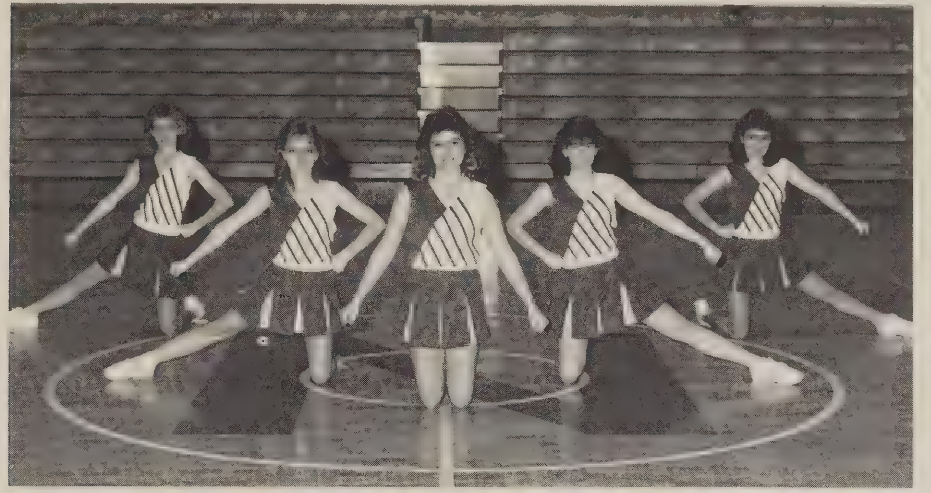
Teams Throughout The Season

The JV squad included: Stacy Bray, Kelli Iden (Co-Captain), Judy Sisler (Captain), Carla Graham, Raija Fisher.



Even in a downpour, the JV Cheerleaders are found cheering for the Huskies.

At the end of the season, Kelli Iden, Judy Sisler, Jenny Lytle, Carla Graham, Stacy Bray, and Raija Fisher smile at a job well done.

The Junior Varsity Cheerleaders began the year with no experience in their role which requires high personal and academic standards in addition to the time spent supporting school athletic teams and promoting school spirit.

By spring of the year, JV squad members had not only worked hard to perfect their cheering routines but had also adapted to the high standards required as public representatives of Northern High School as cheerleaders.

Many of this year's girls will go on to become varsity cheerleaders in the future.

We've Got A Winner

Much of the student body has come to realize the important role that Steve McClintock has had in the ATV (all-terrain-vehicle) races. It has come to our knowledge that Steve does not take his racing lightly. Facts that show us this include his approximate $10,000 that he has contributed to his two 4-wheelers, and the fact he has participated in over 100 races. His many trophy's lead us to believe that Steve is not only serious but very skilled. He placed 7th out of 64 riders in the Grand Nationals which took place in Raleigh, North Carolina. This race includes only the best racers across the United States. Just being in the race is a great achievement. Steve has not only placed in the Grand National but placed 1st at Dream Mountain Raceway, Bruceton Mills many times. In 1988 Steve plans to begin circuit racing and hopes to get a sponsorship. He will be racing both of his 4-wheelers. These 4-wheelers reach speeds of 80-90 miles per hour. It is easy to see why Steve has a pit crew. His pit crew include his dad, Gary; his mom, Sandy; his brother, Jeff; and his girlfriend, Olila McElory.

FROSTBURG STATE COLLEGE

A Sense of Community

Frostburg State College has the personal, friendly feeling of a close-knit community, and yet it competes academically, athletically and culturally with much larger, more expensive institutions.

Frostburg is foremost a community of students — learning, growing, creating, discovering and having fun together. The 3,700 students at FSC represent every county in Maryland plus other states and foreign countries.

The small size of the student community encourages a closeness and friendliness that is not found at larger schools or commuting institutions. You will be appreciated as an individual, and your opinion will make a difference.

Beginning with the close personal attention possible in small classes and extending beyond the classroom into social interaction and shared activities, the faculty at FSC will guide you and challenge you to grow. Although widely recognized for their scholarship and artistic achievements, Frostburg's faculty is committed to teaching. Your classes will be taught by talented and dedicated educators, over two-thirds having Ph.D. degrees.

Education at Frostburg has as its basis a commitment to liberal learning consisting of a reasonable breadth of study in the main areas of human inquiry and depth of study in at least one academic discipline. The academic program offers students the opportunity to expand themselves in time, space, values, and habit of mind not only for today but for tomorrow as well.

Visitors are welcome anytime. Campus tours may be arranged by calling the Office of Admissions at least one week prior to the anticipated visit.

To The Late Mr.
Donald Mitchel

"These are a few of my favorite things": lollipops for spelling tests, field trips to Pizza Hut, the Pittsburgh zoo, the Carnegie Museum, ice cream for birthday parties, a pocket full of peppermints to cheer people up, checker games before school, stuffed animals for reading prizes and funny sayings.

Thses things highlight the memory that many students have of Donald J. Mitchell, teacher at Route 40 school from 1975-77 and fourth/fifth grade teacher at Accident Elementary from 1977-86.

Mr. Mitchell loved "his kids" at school and was proud to be part of their educational experiences. In addition to the three R's, Mr. Mitchell wanted every boy and girl in his class to have a feeling of self-esteem and pride in their accomplishments, however great or small. Warmth, caring, and humor were his legacy to those who knew him and who were part of his family of students. —
